President's Report – Scott Maas

June 2024 CCOM President Newsletter Report

The car show and Corvette event season is finally here. There are many events being planned for the upcoming months. Check out the club calendar and make plans for some car driving fun!

On Saturday, May 11th, John and Jane Wessel hosted a club cruise to the Matt Saxe Chev Corvette Roll-in, in Belle Plaine, MN. Six Corvettes took off from the Savege American Legion and met up with another 6 members at the car show. The weather was great and over 200 cars came to the show.

On Saturday, May 18th, several of us attended Nick Osgood's high school graduation party in Shakopee, MN. Nick is the son of Chris (our Vice President) and Nancy Osgood. Their neighborhood was turned into a mini-Corvette Show. Nick is going to be studying Finance at St. Thomas University in St. Paul, MN. If you haven't already, wish Nick congratulations and good luck with his studies.

The Spring Brunch and Cruise was held on Sunday, May 19th. We met at a parking lot in Hasting, MN. There were about 45 cars that showed up for the start of the cruise. Several other collector cars were driving by or stopping into the parking lot. Apparently, the Hasting bi-weekly Car Show has been moved to a monthly Sunday morning Car Show. It just happened to be the same morning as we were there. From Hastings, we took a beautiful drive through wooded countryside on our way to New Progue, MN. The next stop was at the Next Chapter Winery for a delicious BBQ lunch served by the Divine Swine company. We had some raffles and a group shot of our members. From there, we traveled to the Carver Creamery in Carver, MN for some great ice cream treats. I hope we didn't overwhelm the gals that were scooping the ice cream treats, ha-ha.

Our member and former President, Mike Mikesell, has been having some health challenges lately and has been staying at The Rosemount Senior Living at the Steeple Center. I talked with Jon Stene, the Executive Director, to see about arranging a birthday party for Mike. He was very gracious and agreed to set aside a special Corvette parking area. Several of us joined Mike to wish him a Happy Birthday. If you get the chance, stop in to visit with Mike. He is in Room 235 at the Rosemount, 14344 Cameo Ave., Rosemount, MN 55068. There are some pictures at the end of this report.

I would like to thank all those members that filled out the Member Survey at the last member meeting. We received 75 surveys. There were several comments included with the survey inputs. Here are the preliminary results of the survey listed from most important to the least important:

1. Monthly Membership Meetings

2. Annual Club Banquet
3. Club sponsored car shows
4. Spring Brunch and Cruise
5. One-day theme cruises
6. Local car shows and cruises
7. Progressive dinners and picnics
8. Cars and Coffee
9. Wine and Shine Cruises
10. Multi-day destination cruises
11. Race destinations

The New Member Contest is already off to a great start. We have about 11 new members already. Please call me at (612) 940-3446 or speak to myself or Julie Stulz at the next meeting if you have questions.

We have received a little more information about the Mark Fitzsimmons Memorial Service. On Friday, June 21, 2024, a social hour beginning at 6:30 PM will be held at the Granite City Restaurant located at 3330 Pilot Knob Road, Eagan, MN 55121. We are still trying to get some contact information for the family. Call me at (612) 940-3446 if you need further information.

On Memorial Day, Monday, May 27, 2024, several of us met at the VA Hospital for a cruise around the VA Hospital and the MN Veterans Home. Even though it rained, 12 Corvettes showed up for the cruise. Many Veterans were outside and several others were looking out the windows watching the parade. I would like to thank Mark Stulz for organizing our club presence and to all the CCOM members that showed up to honor our Veterans, some of them Veterans as well.

The River City Days Car Show is coming up on Saturday, August 3, 2024. The show will be held at the Bay Point Park in Red Wing, MN. This is a beautiful venue, right next to the Mississippi River. I will have a Sign-Up Sheet at the June Meeting. Please check out the flyer at the end of the newsletter.

If you are new to the CCOM Club, or if you are thinking about ordering some CCOM branded clothing, take a look at the CCOM website, Member Area. You can also look at the order book and the clothing examples at the next CCOM Membership Meeting. You can also contact me at scottemaas@gmail.com or (612) 940-3446, with questions.

We hope to see you at the June meeting. Have a good Summer!

Vice President's Report – Chris Osgood

Vice President Report for June 2024

We are entering the busy event season for our club. I want to point out two new events planned for this summer.

The first is a museum tour. Doug and Judy are planning a cruise to the Veit Car Muesum in Buffalo, MN. This event is scheduled for June 12. They have reservations at the museum from 1-3pm. There is a a limit of 20 for this event. Look for details and sign-up sheet at the May meeting.

The second event is an Out to Eat hosted by Gale and Carolyn Larimer. The event will happen on July 25 at 5pm. The U Garden Chinese restaurant will have a buffet set up for us. The is great parking. The event can accommodate 50 people. More details will be coming soon. This is a great central location.

Please feel free to send me images you take at any of the club events.

Below is the updated event calendar.

Tech Director's Report – Shawn Hanna

June 2024 Tech Director's Report

Every so often I am asked a complicated question about what oil to use in our Corvettes. So, again, I will try to answer the question(s) as simply as I can.

Let us talk about how you drive your car. If you are a cruiser who runs your Corvette at posted speeds and occasionally steps on the gas to pass or just for fun, I recommend you use the manufacturer recommended oil at the recommended weight. However, modern technologies favor using different oils for the older C1 through-C3 Corvettes. I recommend Amsoil Z-Rod 10W-30 for these years. It provides the best protection for a flat tappet cam which these cars

have from the factory. The C-4, C5 and C6 use Mobil 1 synthetic from the factory 5W-30 which I recommend. The C7 and C8 saw some technological advancement and Chevrolet used Mobil 1 0W-40. Remember, my choices are for cruisers and just my opinion.

Next month I will cover more aggressive driving and oil filters.

Hope some of you were lucky enough to attend the tour of Veit with the Tewes's.

Shawn Hanna
Tech Director

National Corvette Museum – Update

New Exhibit

Celebrating 10 Years Of Progress Since The Infamous Sinkhole; "Ground To Sky: The Sinkhole Reimagined" To Open On Friday, June 14, 2024

BOWLING GREEN, KY, February 12, 2024 – On February 12, 2014, at 5:38 AM, the National Corvette Museum suffered a cave-in that claimed eight cars from the museum's multimillion dollar collection and caused an international sensation. The video and images captured by museum security cameras went viral, circulating around the globe. Viewers were left stunned at the loss of such rare and remarkable treasures, and all eyes were on the National Corvette Museum's response and recovery.

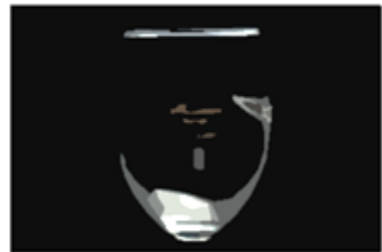

Today, on the tenth anniversary of the world-famous sinkhole, the National Corvette Museum is celebrating incredible change and growth in the decade since, revealing details on its upcoming exhibit "Ground to Sky: The Sinkhole Reimagined." The exhibit will open to the public on Friday, June 14, 2024, and will run through September 15, 2024. It will document the moments, memories, and machines that made history that fateful day, while focusing on the accomplishments of countless Museum staff and supporters who built back and reimagined a National Corvette Museum that continues to evolve.

"The National Corvette Museum captured the attention of the world a decade ago, and we've spent the last decade turning misfortunes into hard-fought and well-earned triumphs," said Kaye Wagner, National Corvette Museum Board Chair. "With over 15 major exhibitions, tens of millions of dollars in renovations and improvements, the creation of a STEAM-focused education gallery, the addition of a world-class Motorsports Park to our campus, and countless other advances in the last ten years, the National Corvette Museum is proud of our journey. Thanks to our amazing team and supporters, we have survived a sinkhole. Not only have we endured, but we are thriving." According to Wagner, "Like all museums, the National Corvette Museum rotates artifacts on and off exhibit to rest them and bring in fresh material for our visitors. Those who wish to see the sinkhole artifacts should make definitive plans to visit during the run of "Ground to Sky." Once the exhibit closes, these artifacts will be rotated back into the collection for rest from public view."

The exhibit will feature two Corvettes that were recovered from the sinkhole and fully restored, a 2009 "Blue Devil" ZR1 and the 1 Millionth Corvette (a white '92 model). It will also include other cars that remain damaged from the incident and dramatic multimedia that illustrates a look back at the National Corvette Museum's remarkable history, and a vision of where the Museum is heading.

Artifact of the Month

1995 Indianapolis Motor Speedway Commemorative Wine Glass

In 1995, Indianapolis Motor Speedway (IMS) was a racetrack in transition. The previous year, track President Tony George had announced plans to launch the Indy Racing League, a new oval-based series for American open-wheel racing centered on the Indianapolis 500. Additionally, NASCAR hosted the first Brickyard 400 in the summer of 1994, breaking a decades-long tradition of the Indy 500 as IMS' only annual race. NASCAR would return to Indianapolis for a second race in August 1995, but in May, the Brickyard was gearing up for the 79th Indy 500. A special two-toned purple and white Corvette paced the field, marking the third time that a Corvette had served as the Indy 500's official pace car.

The race is best remembered today for its controversial finish. During a restart with 11 laps to go, leader Scott Goodyear drove around the pace car while coming toward the green flag. Race officials assessed a stop-and-go penalty to Goodyear, who argued that the track safety lights

had turned green and that he was cleared to restart. Goodyear also thought that the pace car had been going too slowly, and the drivers behind him had nearly collided trying not to pass the pace car themselves. As a result, Goodyear's team instructed him to ignore the black flag and continue to race. With five laps to go, race officials stopped scoring Goodyear, making Jacques Villeneuve the leader. Villeneuve went on to win the race. Goodyear and his team considered protesting the penalty, but a review of video evidence revealed that the safety lights were still yellow when he passed the pace car.

The start of the second Brickyard 400, run on the first Saturday in August, was delayed by rain. Once the race got underway, it was slowed by only one caution flag. Dale Earnhardt captured the victory, earning Chevrolet a second win at Indianapolis following Jeff Gordon's victory in the inaugural event. Earnhardt won with an average speed of 155.206 miles per hour, still the second-fastest Brickyard 400 ever run.

Throughout its history, Indianapolis Motor Speedway has periodically released commemorative glassware honoring Indy 500 winners. This wine glass from 1995, however, signals the arrival of NASCAR at the Brickyard. It recognizes both Villeneuve and Earnhardt as the winner of IMS' two races, a turning point in the history of America's most storied speedway.

Factory Tours

Corvette Factory Tours will resume during the NCM Bash in May. They have been closed since February.

Editor's Remarks

The featured photo on the front page is a stock photo submitted by Pete Liccardello. The Corvette is a 1963 Split Window Coupe, C-2.

Regarding our Facebook presence: The following was submitted by member, Tony Holmstrom, who hopes that other members will post their Corvette Stories, on Facebook.

Let's hear your Corvette story!

Before I retired, I traveled midwestern states for business. In the summer, sometimes I would occasionally drive my 81 Corvette to show off to customers. I stopped in rural South Dakota to gas up, and check the oil. It was low so I went inside to look for a quart of oil. Standing in the auto supplies display of the station looking for oil, I heard a woman come in and say to the cashier. "Did you see my new car?" "No, which one," was the reply. "The silver one at the pumps with the hood up." They were oohing and aweing when I walked up and told her that her car was a quart low on oil and she owed \$32.00 for gas. I love traveling in my Corvettes!

We will be leading another trip to the Black Hills from July 17-21, 2024. Nick and I had so much fun with our group last year. We are already planning the route, hotels and meals. Right now we have 14 cars signed up. We would like to limit to 20 cars.

Overview of the trip:

- Wednesday, July 17 – Hot Summer Nights in Sioux Falls, SD (Drive from Shakopee to Sioux Falls)
- Thursday, July 18 – Caravan to Spearfish, SD (Drive from Sioux Falls to Spearfish)
- Friday, July 19 – Cruise thru the Black Hills / Vette Street USA in Spearfish, SD
- Saturday, July 20 – Cruise and time in Deadwood
- Sunday, July 21– Caravan back home

Cost: Option 1 – no cost for trip. We will plan routes and restaurants.
Option 2 – Price \$320 Registration is now open. More information at [Black Hills Corvette Classic](#). We expect most will not choose option 2. We are planning a full experience for those who choose option 1.

The group will travel together with both options.
Other costs: Hotel \$1,030, Food, etc.

Hotels: I have a booked rooms at the following hotels:
July 17 – Hampton Inn & Suites Southwest, Sioux Falls, SD
July 18-21 – Tru by Hilton Deadwood – Deadwood, SD
